CoCoCare pilot training program launches in June 2019! The participants will follow the first [CoCoCare workshop](#) on June 28 in Oslo and it will be hosted by European Academy of Neurology prior to the EAN 2019 5th congress.

Transnational consortium meeting in Brussels

On May 8 the first transnational meeting of CoCoCare consortium took place in Brussels. Consortium members have had a very productive discussion and made important decisions regarding the development of the training program, which was crucial as the first pilot launches already in June 2019!
